Overview: Product Services & Solutions of the Americas LLC was founded to continue servicing the US Government.

We have over 20 years of personal experience delivering solutions and achieving objectives for Department of Defense and private industries in Central and South America.

We provide, supervise and coordinate manpower, logistics, subcontractors and vendors in simultaneous operations throughout the region.

Core Competencies

- **Logistics:** Transportation of personnel, equipment and materials.
- **Construction / Engineering support:** Land and Maritime.
- **Sustainment:** Food, water, lodging.
- **Communications:** Cell phone, handheld radios, hot spots, and other communications and electronic devices.
- **Hygiene:** Laundry, lavatory, waste removal, base camps, remote locations.

Differentiators

- **Managed** and executed exchanges and exercises between foreign nations and U.S. military for natural disaster response, search and rescue operations and humanitarian assistance.
- **Operational** support of Joint and Multinational exercises throughout Central and South America.
- **Cultural** understanding of the many and unique cultural differences in the region.
- **Experienced** with special projects in the Caribbean, Central and South America.

Past Performance

Founder's military experiences.

US Marine Forces South. *Project manager* of over 300 events in the Western hemisphere.

US Southern Command. *Supported and executed* multiple joint projects directed to support the development of regional capabilities.

US Army South. *Assisted* with UN exercises supporting peace keeping operations.

US Navy South. *Collaborated and managed* in the development and execution of UNITAS and Partnership of the Americas.
